

WHO WE ARE

SG Concepts is the pairing of Sean Murphy and Greg Hamilton. Our years of experience as shooters, competitors and as a team enables us to offer training designed to help shooters *Sharpen a Competitive Edge*. From pistols and carbines to precision rifles, methodical preparation and focused practice have led to repeatable success. This same approach to our training creates a learning environment for shooters of any skill level to improve their shooting.

We provide quality training that leverages our extensive practical, technical, and competitive experience to bring your shooting to the next level. Contact us to find out about our open enrollment and private training opportunities.

TEAM DYNAMICS CLASS

Our Team Dynamics class is a training event designed to prepare a two-man team for problem solving with rifles. While a shooting course, this class is about building the team through facing shooting challenges, capabilities assessments and working together to better find, range and engage targets.

Training Day 1 will focus on individual skills and basics of teamwork for finding, ranging and engaging targets. Training Days 2 and 3 will be focused on pushing the team to perform with a variety of shooting challenges. Shooting exercises and sample stages are drawn from some of the most popular team competitions today.

NOTES

At Pigg River Precision we will hold optional rucks on Saturday and Sunday morning for those training for the Mammoth Sniper Challenge and other events. Full gear, including rifles, may be carried to test your abilities and get some experience rolling in from a ruck to shooting exercises. Camping on-site is allowed, no showers available.

TOPICS COVERED

Rifle and Equipment Essentials

Team Wind Strategy

Effective Use of Laser Rangefinders

Tripod Shooting and Support Use

Team Time Management

Team Communication and Efficiency

Target Detection and Acquisition

Positional and Obstacle Shooting Primers

Strategies to Maximize Rounds on Target

Team Decision Making

WEAPON SYSTEMS AND AMMUNITION REQUIRED

Precision Bolt-Action or Semi-Auto Rifles - approx 250 rounds per shooter

Semi-automatic Pistol (service type) - approx 50 rounds per shooter

PRICE

\$500/student

PREREQUISITES

This is not a basic class. Students should have an intermediate level of competency with precision rifles and familiar with support equipment.

info@sgconceptsllc.com | 706-455-1507 or 406-250-5200

TEAM DYNAMICS CLASS GEAR REQUIREMENTS

The Team Dynamics class will cover a lot of topics. Please note some items, particularly the additional gear list can be shared as a team, and we'll have gear to try at the class.

If you are considering purchasing gear, please hold off and bring what you have. We would rather you make an informed purchase after the class to ensure your dollars are well spent instead of just buying something to have.

Please contact us if you have any questions on the below list. We also have rental rifle options and can help source ammunition at market pricing.

REQUIRED GEAR

Precision Bolt-Action or Semi-Auto Rifles capable of 1 MOA accuracy

- At least 250 rounds per shooter, same brand/SKU and preferably same lot
- Riflescope should have matched reticle and turret unit of measurement (ie Mil/Mil or MOA/MOA)
- Riflescope should have click-adjustable turrets and/or intelligent reticle to make wind/elevation holds
- Rifle should accept detachable magazine - bring 2x 10rd magazines or 3x 5rd magazines
- Rifle should have a folding bipod

Rifle Sling

Rear Bag/Support Bag

Semi-automatic Pistol - service type, 9mm or greater

- 2-3 pistol magazines and carrier/pouch
- At least 50 rounds per shooter

Secure holster and belt

Pen/Paper and/or other devices for note keeping

Ballistic App or device to capture and provide ballistic data

- Highly recommend Kestrel 5700 with Applied Ballistics or Hornady 4DoF

Eye and Ear Protection

Comfortable clothing and durable, broken-in footwear

Water carrier

Food for each day - including any necessary items to cook/eat

Backpack to carry the day's items

If camping overnight - camping kit (shelter, sleep items)

Any maintenance items to keep firearms/equipment running

Any personal medication/instructions needed

ADDITIONAL GEAR

If you have it, bring it along. If you're considering something on this list, please reach out to see what we will have available to try during the class.

Positional Shooting Bag(s) if different than rear bag

Tripod

Extended bipod or bipod legs

Laser Rangefinder

Binoculars

NOTE

We will have some gear to try out or use if you are considering purchasing something. Please don't make a major purchase just for the class, reach out to discuss what will be available to try before deciding.
